at over 30 bookstores. Buy, rent or sell. ISBN 9780789748454 - Introduction to Networking Direct ... Although they are vitally important, another style of LAN, wireless LANs (WLAN), fills a particularly important role in providing network access to end users. In particular, WLANs allow the user to communicate over the network without requiring any cables, enabling mobile devices while removing the expense and effort involved in running cables. CCENT/CCNA ICND1 Exam Guide: Introduction to Wireless LANs ... This text is a college level introduction to networking. Although the book claims that it is written for novices, it is too technical for "newbees." For this reason, it is not the easiest book on this subject. After a few pages, I gave up.. For its credit, it is very comprehensive and does cover all the topics related to networking.

Think of this: When you have titles that you would like to display at one of the conferences we cover or have an author nipping at your heels, but you simply cannot justify the cost of purchasing your own booth, give us a call. We can be the solution.

.
